

Caroline Davies

Godiva Vision

Safe Places
No war spaces
Too much spilled claret
In our faces

Mankind allows for too much killing
All the despots too unwilling
To give up guns and wealth and power
Death tolls mounting every hour

Life is the gift that keeps on giving
Humanity needs to keep on living
Always conflict
Always war
Let's make a stand
And say "no more"

No more knife crime
No more "hit and run"
The next one dying
Could be YOUR son

Let's make our city a safer place
Show tolerance to every race
News headline I'd like most to see:
"Coventry's the safest place to be"
