**Imagine Peace**

Imagine there was no pain.

Imagine there was no enemy.

Imagine there was no war.

Imagine there was no suffering.

Imagine there was no worry.

Imagine there was no punishment.

Imagine there was no money.

Imagine there was no hell.

Imagine there was no heaven.

Imagine there was no conflict.

Imagine there was no loud quakes.

Imagine we had only the green earth to nourish us.

Imagine dancing in the rain.

Imagine sun rays giving us a wink and smile.

Imagine stars were the lights to light the way.

Imagine the sky touching the mountain peak.

Imagine the ocean bed where we can walk with our feet.

Imagine the world 🌍 in humanity lifting us into a warm embrace

Imagine the clouds were the patterns, we make pictures with no need for chalk or ink

Imagine leaves 🍃 could be plucked for the food we could all eat

Imagine the waterfall that's streams over the body, kissing our skin with soft tenderness

Imagine the geyser bursting forth, arising inside as we wake.

Imagine the heat of fires 🔥 in the forest 🌲 of our village. Warming the food 🍲 we wish to eat!

Imagine love ❤️ was free and given to each person we would greet.

Imagine freedom beyond all we believe and seek.

Imagine a world of happy 😊 people

Imagine the freedom of what WE could BE

One love ❤️ one song and one world sharing the joys of summer winter and spring.

Imagine....

Just imagine... the world...

Living...

In...

Peace 🕊️
