

Blue Sun

We are love

Fire and earth and water and air  
A love you just cannot tear  
Man and spirit and breath and bone  
We need each other, this is home

We are  
We are love  
We are  
We are love

Fire and earth and water and air  
A love you just cannot tear  
Woman and spirit and breath and bone  
We need each other, this is home

We are  
We are love  
We are  
We are love

Love, love  
Love, love, love  
Love, love  
Love love, love
