

## TO BE ME OR NOT

Dear Soul - Do you have a Right?

The Soul whispered;

I just want to be ME

But others don't agree.

My Values taught

But others showed distraught.

They just can't see

I just want to be ME.

I have dignity

But that is crushed with humiliation.

I want to be accepted

And be respected,

But am discriminated

And eliminated.

However,

The Free Spirit will avail

To change the thoughts and actions in Society,

And with a gift of floating morality

You will see reality.

Then the truth will prevail

And a tolerant and understanding Society be avail.
