

AIR QUALITY

Clean air is a must
Avoid the fumes and the dust
Remember please take care
And don't pollute the air
Cars, buses and lorries they pollute
They affect your lungs and your posh suit
So try to help and play your part
To protect your lungs and also your heart.

'Peace Day'

Can I borrow some peace please ?

Everyday I switch on the telly
Everyday I can see some big rally
People cry for life
From the edge of the knife
Destroying the glory of world
Is not nice!
People paying life's heavy price
Why do people play with peoples life?
Throw your dagger Throw your knife
Oh God,
enough is enough
We don't need any more fuss
Let us have peace
I want to borrow some
more peace
