

Poem called keeping faith by Jay Joshi

1. He had great faith in god.
2. Jay prayed for peace, around the world,
3. as twirled and weaved words together,
4. as he endeavoured to become a singer and songwriter.
5. Jay's song lyrics gave people Faith, Hope and Love.
6. He went through difficult times.
7. taking this a tough road to success.
8. He was going to take a test.
9. Jay never rested,
10. He invests the time in his craft.
11. Jay had so many drafts of his songs on his desk
12. which was a mess,
13. but he still pressed forward with singer -songwriter career.
14. He had great fear that his career would go up in smoke with one wrong move
15. Jay knew he had no time to snooze
16. if he wanted to move forward with career.
17. He had so many new ears listening to his music.
18. Jay wanted to spread love, faith and hope to love, through his music.
19. Music helped him get through, and time showed the power of music,
20. which gave kick to find solutions to his problems.
21. Praying to gives strength to keep fighting for his dreams
22. nothing seems impossible to achieve your dreams
23. as he beams smiles, bringing warmth to people's hearts
24. through the art of music cleansing your soul
25. as he reach your goal.
26. Jay filled an empty hole that was in his soul.
27. He was on a roll.
28. Jay was in control of own destiny
29. which suggests to me
30. it was meant to be.
31. You will see Jay rise from his knees again
32. when he will hope to take the music charts by storm.
33. He forms relationships with people already in the music industry.
34. Jay would work under work under radar for a bit and sit tight
35. He dreamt at night of succeeding and believed in his passion for music.
36. Music has been solving the problems of humankind,
37. which also removed the barriers he put in front of himself,
38. as he had a bookshelf of books which taught how to become a songwriter.
39. As Jay made his song lyrics more tighter and brighter
40. As he hoped come a better songwriter.
