

## **Invisible Silence! By Luna**

Invisible silence manifests its presence on each day and night,  
In gentle quietness exhibits the astonishing nature in full strength,  
Revealing the scene of truth,  
Silence and nature witness the scene of human corruption,  
Contemplating the wicked scene of overwhelming contamination,  
Ceaselessly awaiting the days of righteousness in perfection,  
In harmony together with the earth and the oceans and the air,  
Singing together divine songs,  
Exalting and pointing out their Perfect Creator,  
The cause and effect of their existence!  
Invisible silence in the fullness of disturbance,  
Silence in grief and sorrow in the uncertain scene of the earth,  
Witnessing the wicked scene of the youngest to the oldest,  
Immorality consumes in detestable plagues,  
Similar to a harlot insatiable in its desires,  
Human bitterness in endless poison,  
Human resentments in destructive agony,  
Human selfishness in drunkenness,  
Human discrimination in foolishness,  
Human technology lacks heavenly wisdom,  
Human gossips revelation of envy and ignorance,  
Human addictions in complete emptiness,  
Behold!  
Wickedness quenches and kills the human soul,  
Ungodly thoughts rooting stress and depression,  
Evil and more evil falling in desperation and anxiety!  
Behold!  
Invisible silence calls out the nature,  
Gathering together with the earth and the oceans and the air,  
Declaring in perfect harmony,  
Darkness itself failure the perfect harmony in human life,  
Its wickedness exhibits in need for righteousness and holiness,  
Too much evil in the world cries out for the Joy of faith,  
The pile of darkness calls out the perfect existence of the Creator,  
The Heavenly Champion of perfecting the Joy of Faith!  
Gathering together in supreme celebration,  
Worshiping and singing together,  
Holy and holy the Heavenly King of the earth and the universe,  
The Perfect Joy of Faith that comes from His Perfect Love!
