

'Avocados'

The animals don't need to live in the zoo

Tigers now live in London near you

The children who need us spoke to the world leaders

About the state of the planet and the panic

What do we do when our house is on fire ?

And we're all in dire

PERIL ?

There's not enough water shame on the world (x 2)

Is it too late to phone the fire brigade ?

Ding, Dong, Ding, Dong (x 2)

Too late – aahhh !

Ding, Dong, Ding, Dong...

There's avocado's growing in London, England

And everyone knows

That we can't grow av-o-ca-dos

Oh no, oh no, oh no, oh no

No we can't grow avocados...

Christopher Sidwell
